# HERITAGE

The BMW Heritage collection is more than just functional rider's equipment. It is a tribute to the history of BMW Motorrad, which dates back to 1923, when the first motorcycle went into production at BMW. At that time motorcycling was reduced to the essentials. With the Heritage collection we are returning to this origin.

The collection was inspired by the famous colour identity of those first motorcycles: strong black and fine white lines – the famous pin stripes on the teardrop tank. The striking, historic BMW emblem from the 1920s, whose lettering and border were still made of copper, was also used in the Heritage collection.

Such details are reflected in the entire collection, starting with the classically cut leather jackets, the Bowler helmet, the gloves and the boots. The materials are hard-wearing and meet the high demands placed on safety and function by motorcyclists today. All in all, the new Heritage collection represents a combination of tradition and the best that contemporary and authentic lifestyle motorcycle clothing has to offer today.

Together with us, experience the history of BMW Motorrad and the passion for motorcycling in its classical design.

# GLOVES

Hands need the best possible protection at all times. BMW Motorrad offers wind and waterproof gloves, reinforced on the sides and at the ball of the hand, to ensure a firm grip in all conditions. There's no compromise on comfort, either: the Two-in-One glove, for example, comes with multi-purpose two-chamber technology and touchscreen-compatible fingertips.

# FUNCTIONAL/ PROTECTIVE CLOTHING

A true motorcycling fan never lets the weather ruin the ride: for them, 'too cold', 'too wet' and 'too hot' are foreign concepts. To ensure the fun never stops, even in extreme weather conditions, BMW Motorrad offers a wide range of functional head-to-toe clothing and safety-enhancing accessories.

# BAGS / ACCESSORIES

Whatever the weather, there will always be riders out and about – which is why the right equipment is absolutely essential. No matter how rough the conditions, there's a suitable soft-luggage solution in the BMW Motorrad range. Take the water-tight roll bag, for example. It attaches quickly and easily to every BMW motorcycle, and it's equally suitable for day trips or lengthy tours.
